Subject: Your account for lunch deliveries is set up

Dear Sanne, your bakery's account with us is set up and connected to our lunch round. **Pickup address:** De Gouden Korst, Marktstraat 8, 1234 AB Demodorp (side door, counter at the back). **Order list:** one list per round, e-mailed to **rondes@fietskoerier-demodorp.example** by **10:30**, built from the order notification e-mails your website sends (order number, customer, address, phone, items, chosen slot). Orders packed and labelled with the order number at the counter. We ride between 11:00 and 13:00, to addresses within 3 km (your delivery area is 2 km), on days with at least 10 orders; each order is delivered within the customer's chosen half-hour slot. On days with fewer than 10 orders there is no courier run and you arrange pickup or your own delivery. **Price:** the setup fee of EUR 50 covers the first service week; from week two onward the rate is **EUR 3.50 per delivered order**, invoiced weekly, on the same conditions (list by 10:30, 11:00-13:00, within 3 km, at least 10 orders per day). Your contact for the round: Jesse, 06-0000 0000 (demo). Kind regards, Jesse - Fietskoerier Demodorp

2. Test handover (Thursday 22 October 2026)

The order page went live on Thursday 22 October. That morning the bakery placed two test orders through the live order page and paid them with PayPal, then built the order list from the two order notification e-mails and sent it to rondes@fietskoerier-demodorp.example at 10:12.

Order	Customer	Address	Distance	Chosen slot	Picked up	Delivered	In slot

Subject: Test handover OK

Dear Sanne, we received your test list (2 orders, built from the website's order notifications) at 10:12, before the 10:30 cutoff. We picked both orders up at De Gouden Korst, Marktstraat 8, 1234 AB Demodorp at 10:58 and delivered them at 11:16 and 11:41, each within its chosen slot. The handover works; the service starts tomorrow, Friday 23 October. Kind regards, Jesse - Fietskoerier Demodorp
